

LC-RAM-DDR4-3200-HS-16GB-KIT

- Hypo Series RAM -

LC-RAM-DDR4-3200-HS-16GB-KIT is a dual memory kit, which provides an improved performance as well as a high stability for your system!

- dual kit
- 16 GB capacity (overall)
- 8 GB capacity (each RAM bar)
- DDR4 Dual Channel
- 3200 MHz
- UDIMM
- CL: 16 - 18 - 18
- supports XMP 2.0

*Example of use

Technical specification - LC-RAM-DDR4-3200-HS-16GB-KIT

Capacity overall:	16 GB
Capacity each:	8 GB
Number of RAM bars:	2x
Memory configuration:	DDR4 Dual Channel
Format:	UDIMM
Memory type:	unbuffered
Memory interface:	DDR4
JEDEC norm:	PC4-25600
Frequency max.:	3200 MHz
Voltage:	1,35 V
Memory connection:	288 pin
Latency (CL):	16 - 18 - 18
RAS to CAS Delay (tRCD):	18
RAS Precharge Time (tRP):	18
Row Active Time (tRAS):	39
XMP support:	yes - XMP 2.0
Included in delivery:	2x RAM bar (8 GB each)

Dimension (each RAM bar):	133 x 32 x 6 mm
Dimension (retail):	185 x 134 x 11 mm
Weight (each RAM bar):	0,032 kg
Weight (overall):	0,098 kg
Heat sink:	anodized aluminium
Compatibility:	Intel 100/200/300 Series AMD B450 & X570
Mark of conformity:	CE
Barcode:	4260070128110
Manufacturer code:	LC-RAM-DDR4-3200-HS-16GB-KIT
