

*Example of use

LC-RAM-DDR4-3600-RGB-16GB-KIT

- RGB Series RAM -

LC-RAM-DDR4-3600-RGB-16GB-KIT is a dual memory kit with RGB illumination, which provides an improved performance as well as a high stability for your system!

- dual kit
- 16 GB capacity (overall)
- 8 GB capacity (each RAM bar)
- DDR4 Dual Channel
- 3600 MHz
- UDIMM
- CL: 18 - 20 - 20
- supports XMP 2.0
- rainbow RGB illumination (not adjustable)

Technical specification - LC-RAM-DDR4-3600-RGB-16GB-KIT

Capacity overall:	16 GB
Capacity each:	8 GB
Number of RAM bars:	2x
Memory configuration:	DDR4 Dual Channel
Format:	UDIMM
Memory type:	unbuffered
Memory interface:	DDR4
JEDEC norm:	PC4-28800
Frequency max.:	3600 MHz
Voltage:	1,35 V
Memory connection:	288 pin
Latency (CL):	18 - 20 - 20
RAS to CAS Delay (tRCD):	20
RAS Precharge Time (tRP):	20
Row Active Time (tRAS):	40
XMP support:	yes - XMP 2.0
Included in delivery:	2x RAM bar (8 GB each)

Dimension (each RAM bar):	134 x 41 x 7 mm
Dimension (retail):	180 x 155 x 20 mm
Weight (each RAM bar):	0,041 kg
Weight (overall):	0,143 kg

Heat sink:	anodized aluminium
Compatibility:	Intel 100/200/300 Series AMD B450 & X570

Mark of conformity:	CE
Barcode:	4260070128172
Manufacturer code:	LC-RAM-DDR4-3600-RGB-16GB-KIT
