

LC-CF-120-ARGB-W

120 mm ARGB case fan

120 mm ARGB case fan with up to 16,8 million selectable colours

The fan is connected to a matching ARGB hub with a 6 pin connector.

Then you can set the color or color mode of your choice conveniently via mainboard software control.

Optimized fan blade design

Due to the optimized design of the fan blades the air flow is improved and reduced the noise level to a minimum.

Long life thanks to the Fluid Dynamic Bearing

The Fluid Dynamic Bearing of the case fan is equipped with oil capsules to reduce the loss of the lubrication solvent. The result is a quieter operation and a longer life than normal bearings.
