## LC6350 V2.3

### Super Silent Series

The legendary SUPER SILENT SERIES by LC-POWER offers the optimum price-performance ratio: thanks to its high-value 120 mm fan, the LC6350 V2.3 lets you experience a stress-free and super-silent work in your office as well as at home. Despite the low sound level, the power supply offers an excellent cooling capacity for your system thanks to its honeycomb styled ventilation grille on its back.

The power supply features all current connectors of the office and mid-range sector. Besides current mainboards you can connect several SATA and PATA hard disk drives respectively optical drives. A graphic card can be added due to the PCI-Express V2.0 connector.

The state-of-the-art energy saving technology decreases the power consumption in standby mode (0,3W) and increases the efficiency of the power supply up to 87,22%!

Including Active PFC (power factor correction for an efficient use of the spent energy) and all relevant safety circuitry.

#### Connectors:

- 1x 20+4 pin mainboard
- 1x 4+4 pin mainboard 12V (8 pin EPS)
- 1x PCI-Express 6+2 pin V2.0
- 4x SATA
- 2x PATA
- FDD
